DEDICATION

FRED E. "DIXIE" HOWELL

The Senior class of Ocean City High School, with admiration and deep affection, dedicate the 1965 Caravel to Fred E. "Dixie" Howell.

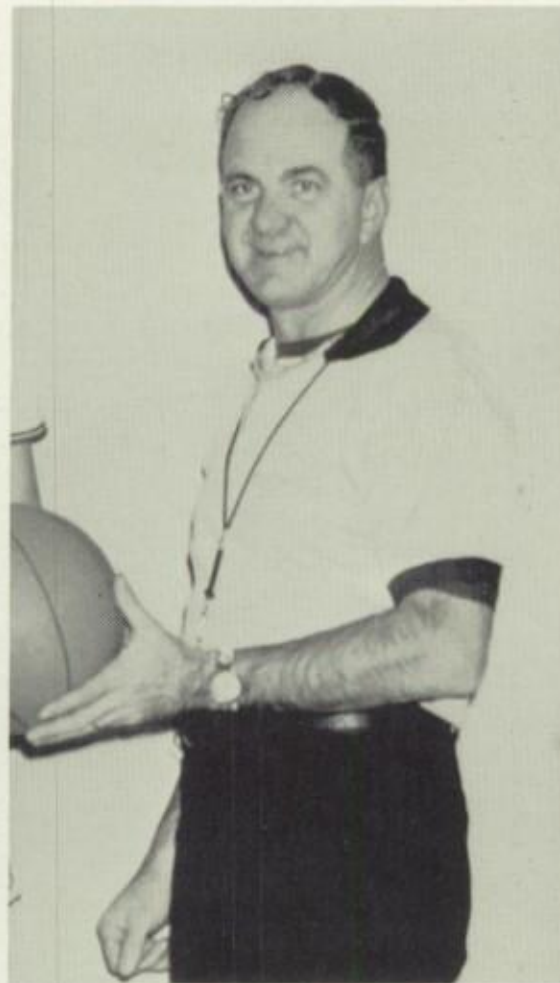

Ever since "Dixie" first came to this school in 1952, he has epitomized the very qualities which he impresses upon Ocean City High School athletes. Throughout "Dixie's" years as coach here, there has been tangible evidence of students, who, through his examples and teachings, have become well-rounded and worthwhile citizens. Many of these former stars of Ocean City's athletic teams can now glance in retrospect and, as perhaps the most worthwhile of any tribute to "Dixie" Howell, truthfully say that "Dixie" had a definite part in the development of their character.

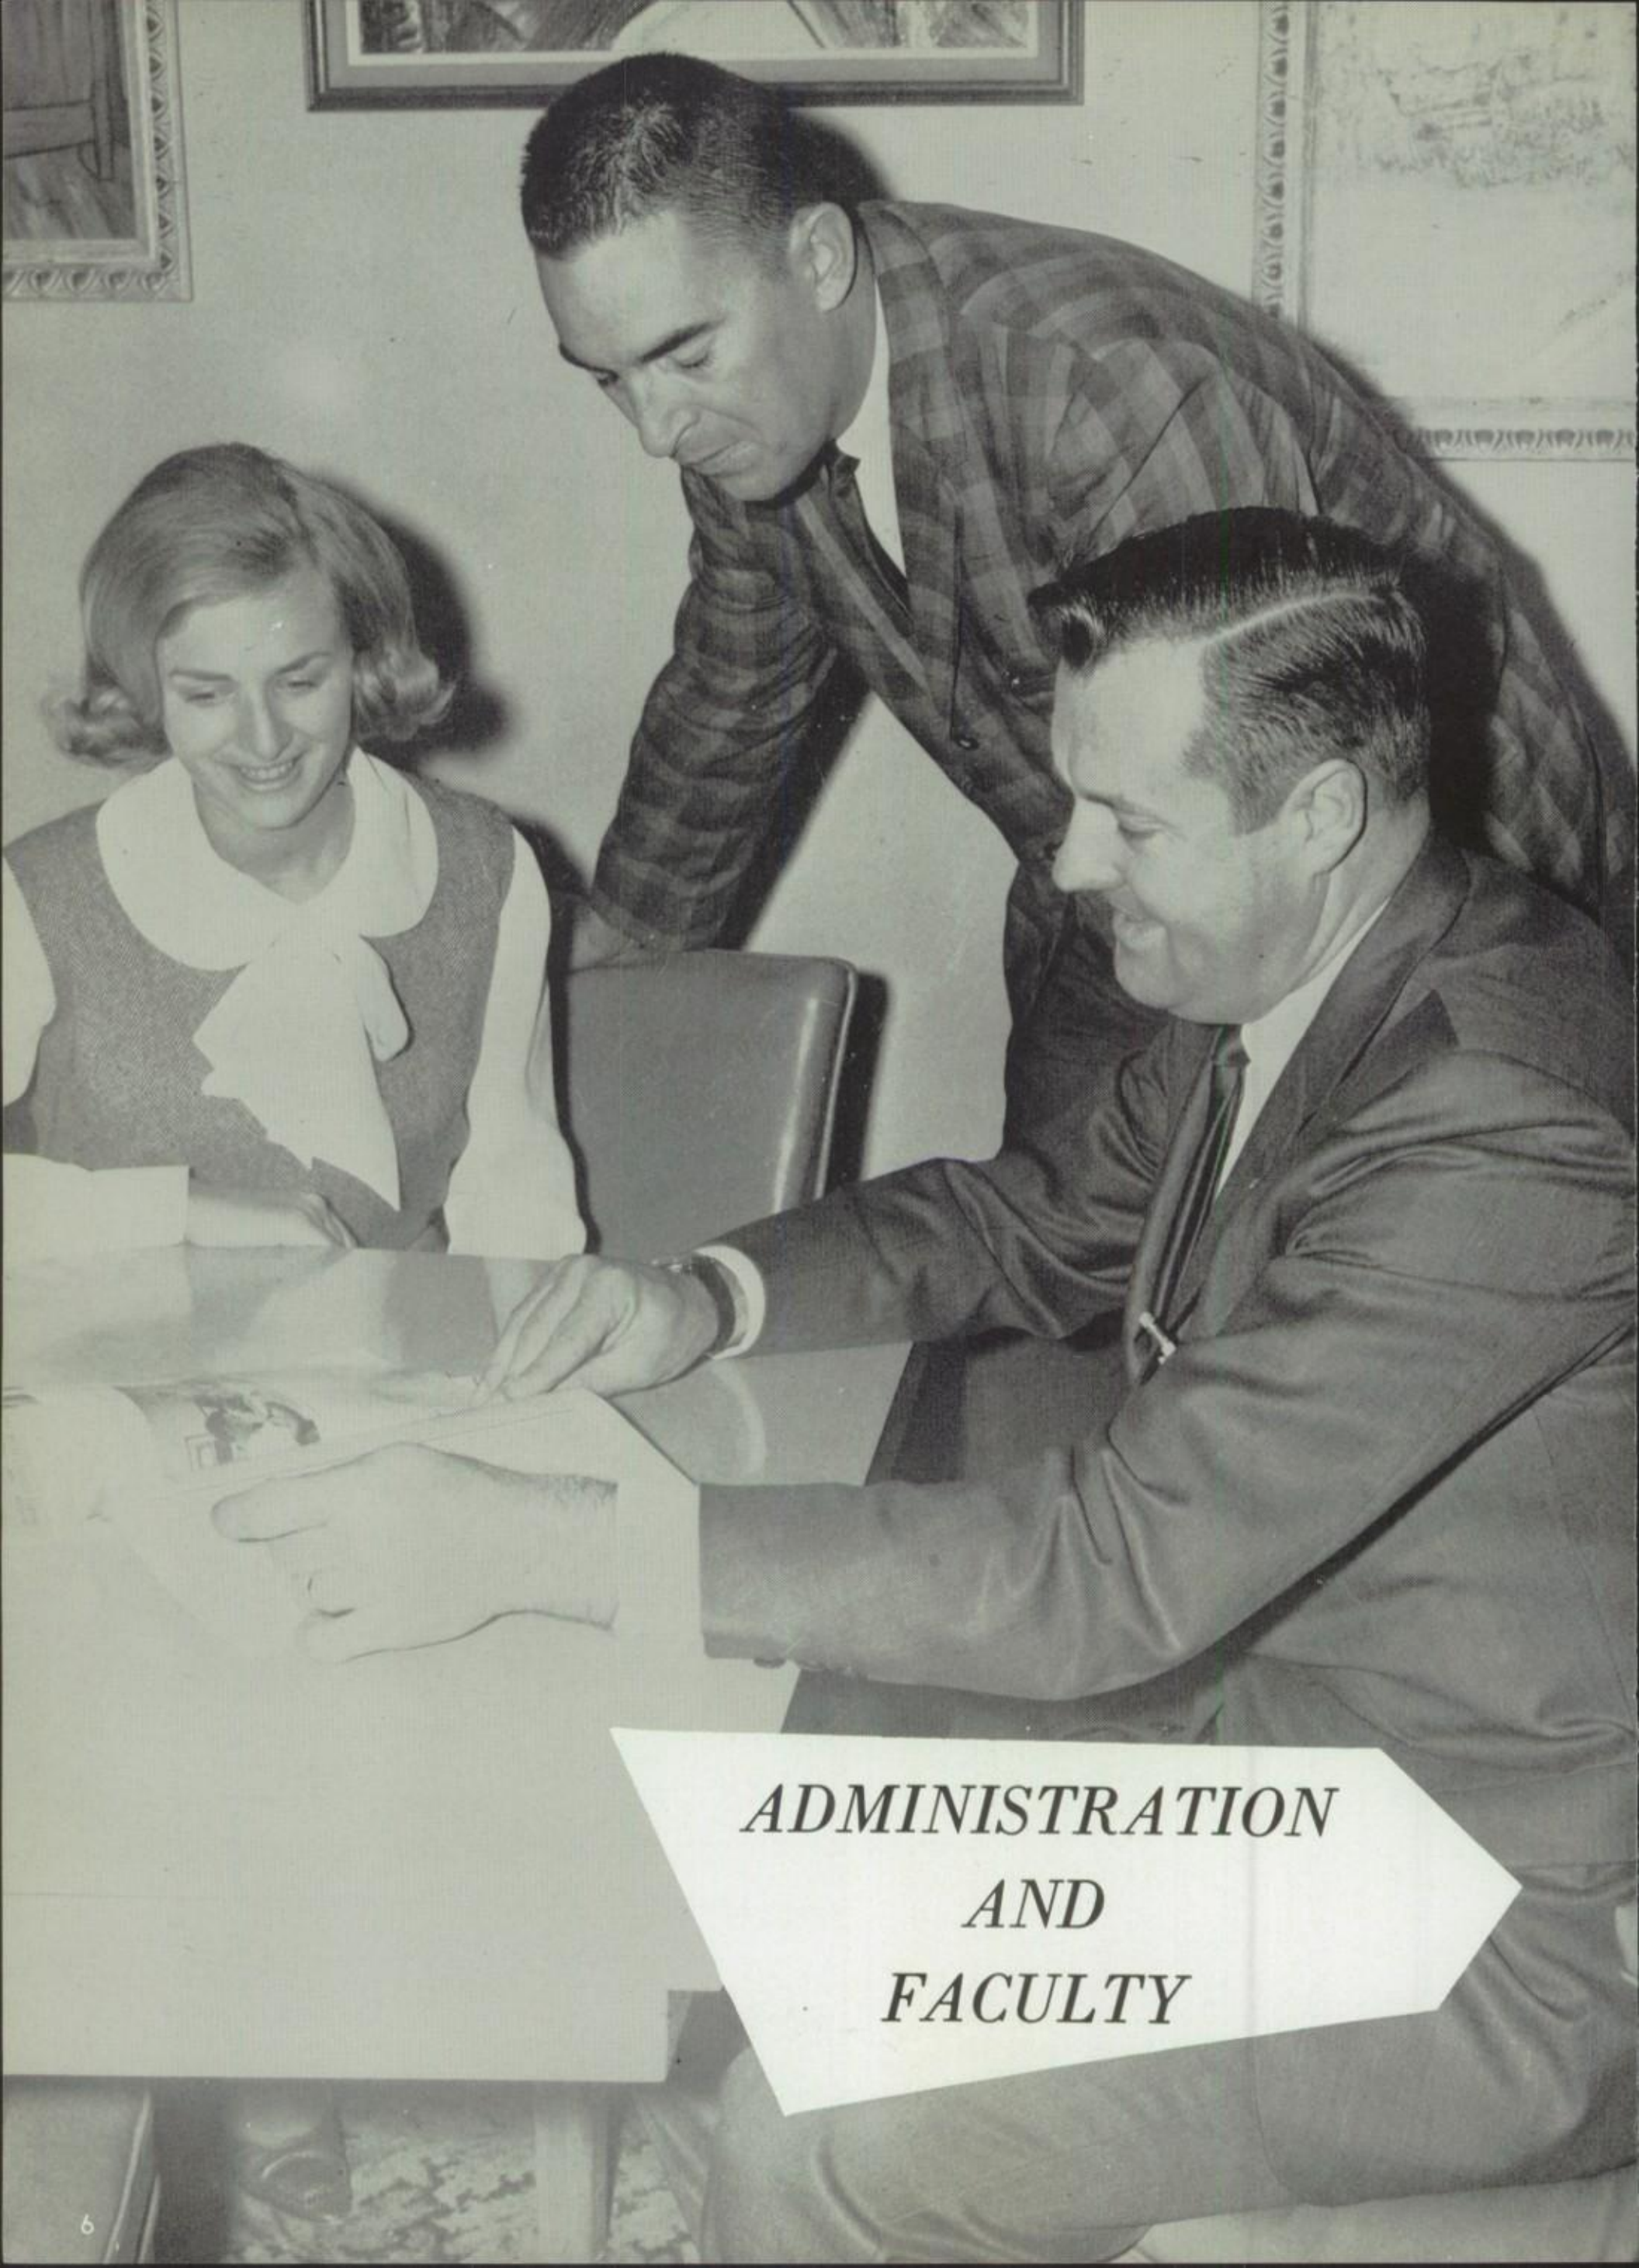

Coach Howell has contributed greatly not only to the high school youth, but also to the younger, sports-minded boys of Ocean City. He has been instrumental in the active growth of the interest of sports in this community. The integrity and worthwhile attitudes which result from being an athlete coached and taught by "Dixie" Howell are advantageous throughout one's entire life.

The glory which Ocean City High School's athletic teams have brought to their school in basketball, as well as baseball and football, is a manifestation of the influence of "Dixie's" teachings and beliefs. The loyalty and respect which the boys have for "Dixie" Howell knows no bounds. The same is true of his fans. His teams always have, and always will "fight their hearts out" for "Dixie". Their drive and determination have resulted, in basketball, in seven Cape May County championships, eight consecutive Cape-Atlantic League championships, three South Jersey titles, and two State championships. This record, as well as ones equally impressive in baseball, certainly enable "Dixie" to "earn his keep".

"Dixie" Howell is good for Ocean City High School. Respected by all, loved by many, he will always remain in our hearts and minds, though we be scattered over all the earth.

To you, "Dixie" Howell, we, of the class of 1965, dedicate this final tribute to our Alma Mater, Ocean City High School.

SUPERINTENDENT OF SCHOOLS

DR. CHARLES B. PIERCE
Superintendent of Schools

More than any other single individual, Dr. Pierce is responsible for meeting the educational needs of the children of this community.

As superintendent of the Ocean City schools, Dr. Pierce administers the Central Avenue and Wesley Avenue elementary schools as well as the high school.

Due to the additions and alterations to the high school, as well as the construction of two new elementary schools, many more problems arise that must be solved. But they will be solved because Dr. Pierce is dedicated to the premise that the children of Ocean City will be offered the best education possible.

MARGARET WAINWRIGHT

Although Mr. Subotich has recently completed his first school year as principal at O.C.H.S., he is by no means a stranger to any of us. His duties as assistant principal prepared him well for the office and responsibilities he now holds. His most important tasks include studying the curriculum, recommending possible improvements and administering other school business.

Although he shows a marked interest in each student, he renders impartial judgments when necessary.

Students of O.C.H.S. deeply appreciate Mr. Subotich for his time, energy and devotion to the efficient management of the school.

RUTH E. NEVIUS
Secretary to the Principal

As secretary to our principal, Miss Nevius can be found working busily at her desk throughout the day and long after everyone else has left. Our various organizations in school find Miss Nevius an efficient treasurer. Although her position demands that she be strict, she is well-liked by all.

Assistant Principal

Mr. Pulvino, serving his first year as vice-principal, has been of invaluable assistance to the administration. Throughout his years at O.C.H.S., he has unselfishly given of his time, energy, and abilities to produce one of the top teams in the state each year. Even though the swimmers do not receive much recognition for their efforts, they keep right on trying to better themselves and the team. The few people who do attend the swim meets with other schools see a real swim team in action.

Our Student Council provides O.C.H.S. with a student government. Mr. Rosebery is the capable advisor for this organization. Carolyn Wallace now presides as president and has proven to be of valuable assistance. The main function of the Student Council is to represent the entire student body by promoting projects which will be beneficial to the school. Through much work on behalf of Mr. Rosebery, Carolyn, and all the members, many activities have been successful. The projects in which they have engaged are numerous. Some are the Spaghetti Dinner, WMID's Teen Corner, Fashion Show, and Christmas Dance. The Student Council, as an integral part in school activities, has contributed much towards the efficient operation of O.C.H.S.

Since the "Billows," our school paper, is published weekly in the Sentinel Ledger, area residents, as well as high school students, get a picture of life at O.C.H.S. Each week the managing editors must diligently plan the stories and assign them to the reporters. After they are turned in, the editor in chief must edit the stories, as well as write the weekly editorial and attend to numerous other details. Other editors are responsible for features, sports, business, and typing. It is the responsibility of Mr. Bonner to see that editors and reporters cooperate in the effort to publish the paper each week.

Billows sponsors the selling of football programs and senior name cards. This group also plans and presents the E Pluribus Duo Election and assembly.

CARAVEL

D. Barrett, V. Pullen, L. Boyer, M. Tucker, D. Demarest, L. Clayton, J. Tarves

The 1965 Caravel was born in the spring of our junior year, when editors were chosen to head the yearbook staff. Early in the senior year, these editors named their staff members, and the ever-present deadlines began descending.

Each year the Caravel staff works unfailingly until long after graduation, when the yearbook supplement is completed, to compile a tangible evidence of their years at O.C.H.S. The senior class presents this Caravel to the school with the sincere hope that it will always remain a tribute to the class of '65.

One means of achieving this goal was the trip to the New York World's Fair.

LITERARY MAGAZINE

Students with literary interests find the Seventh Wave most beneficial. Under the supervision of Mrs. Blackman, the members sponsor a contest which is open to all students. From the submitted material, winning entries are selected and the other material is considered for publication. Articles are attractively illustrated and then the magazine is sold to the student body.

BAND

Ocean City Dance Band

The O.C.H.S. bands, under the dedicated direction of Mr. Miller, are a tribute to the school, Mr. Miller, and the members. They perform at pep rallies, football games, parades, and assemblies. The orchestra, also under the supervision of Mr. Miller, annually presents a spring concert for which they arduously practice. Also, this year the band provided all the music for "Bye Bye Birdie".
